SCAN ME

Fire Glass UK offer a specialist cut-size service for glass partitioning for fire rated, acoustic and laminated glass for partitions. With vast experience and knowledge within the glass and glazing industry and five branches nationwide it makes us the UK's only choice.

Wall to floor glass panels and partitions allow light to flood in and offer modern clean lines.

Glazed partitions are bespoke to each individual job. Fire Glass UK offer a nationwide supply only service allowing us to make sure your project meets all safety and quality specifications.

TYPES OF PARTITIONING

- > Frameless single glazed partitioning
- > Double glazed partitions
- > Acoustic rated partitions
- > Fire rated partitions
- > Oak framed partitions

OPTIONS AVAILABLE

- > Manifestations or sandblasting
- > Fire resistance up to 60/60
- > Back-painted glass
